GUIDANCE

F. LEWIS LONG
Guidance Director

The guidance program which began in the high school during the second semester of the 1952-53 term is a new service for students. The department is constantly growing. At the present time it includes the fields of counseling, occupational information, facts concerning colleges, universities and trade schools, scholarships, and the various phases of testing and job placement.

The primary purpose of the program is to provide an adequate pupil-personnel program that will reach every student within the school. With this purpose in mind, the department will endeavor to furnish a program which will give attention to each individual student according to his individual needs.

DRIVER EDUCATION

A course in driver education was organized in September 1953. The aims of this course are to create a conscientious sense of social responsibility in drivers, to equip drivers with information and skills, and to reduce traffic emergencies and accidents to a minimum.

Each student receives two theory and two driving classes per week for a total of eighteen weeks. A dual control car donated by Hoskin Chevrolet, Inc., is used. A special marked practice street is used for beginners. This is located on Mulberry Street in front of Crispin Field.

There are statistics to prove that students who take the driver education program in high school have fifty percent less accidents than those who learn to drive otherwise.

Driving Instructor

ENGLISH

The fundamental idea underlying the fact that all students are members of an English class during every year of their school life is to train each to speak, read, write, and listen to the English language in a way that will make him socially acceptable and vocationally efficient. A student's mastery of English should enable him to derive genuine pleasure from intellectual activity.

Development in the use of language is a condition of the student's progress in all fields of learning.

Opportunities are given students to practice those uses of language demanded by varied life experiences; for example: writing letters, making announcements, giving reports and making speeches, conversing and discussing topics of interest, giving accounts of personal experiences, making summaries, formulating opinions of books, and listening critically.

The speech correction classes are in charge of Miss Richards. The major purpose of these classes is the alleviation of speech difficulties. Devices used include mirrors, microphones, recorders, finger painting therapy, and others.

BUSINESS EDUCATION

The business education curriculum is both vocational and social in nature. It has been organized to develop an understanding of economic life and a more intelligent use of business services and agencies as well as to prepare our young people for jobs in business and related positions.

This department plays an important role in the educational program of school and community. Constantly under a program of modernization and improvement, the Berwick business education department is recognized as one of the finest in the state of Pennsylvania.

Last year this department recorded the best score in the history of the Annual Business Education Contest held at Bloomsburg State Teachers College. The department also took first honors in 1950.

FRANK TAYLOR

A senior typing class

PAUL KLINGER

There are 152 students enrolled in the business education course. In addition to these full time students there are 84 students, who are enrolled in the general or the college prep courses, that take one or two commercial subjects such as typing, shorthand, or bookkeeping.

Subjects in the business education curriculum are shorthand, typing, economic geography, bookkeeping, business law, retail selling, office practice, and business English.

A business education enables all students to understand and perform the inescapable business aspects of life, such as banking, insurance, social security, and taxes. For those who seek employment in business occupations this course enables them to succeed in their initial employment and from it to advance to positions of greater responsibility.

Business arithmetic and junior business training are taken by junior high school students planning to enroll in this course when they enter senior high school.

SCIENCE

Science is the great adventure of modern times. Students of high school age are naturally curious about the world in which they live and three courses, biology, physics, and chemistry are included in the curriculum to help them understand this world.

There are 115 students in the biology classes, 35 taking physics, and 60 taking chemistry.

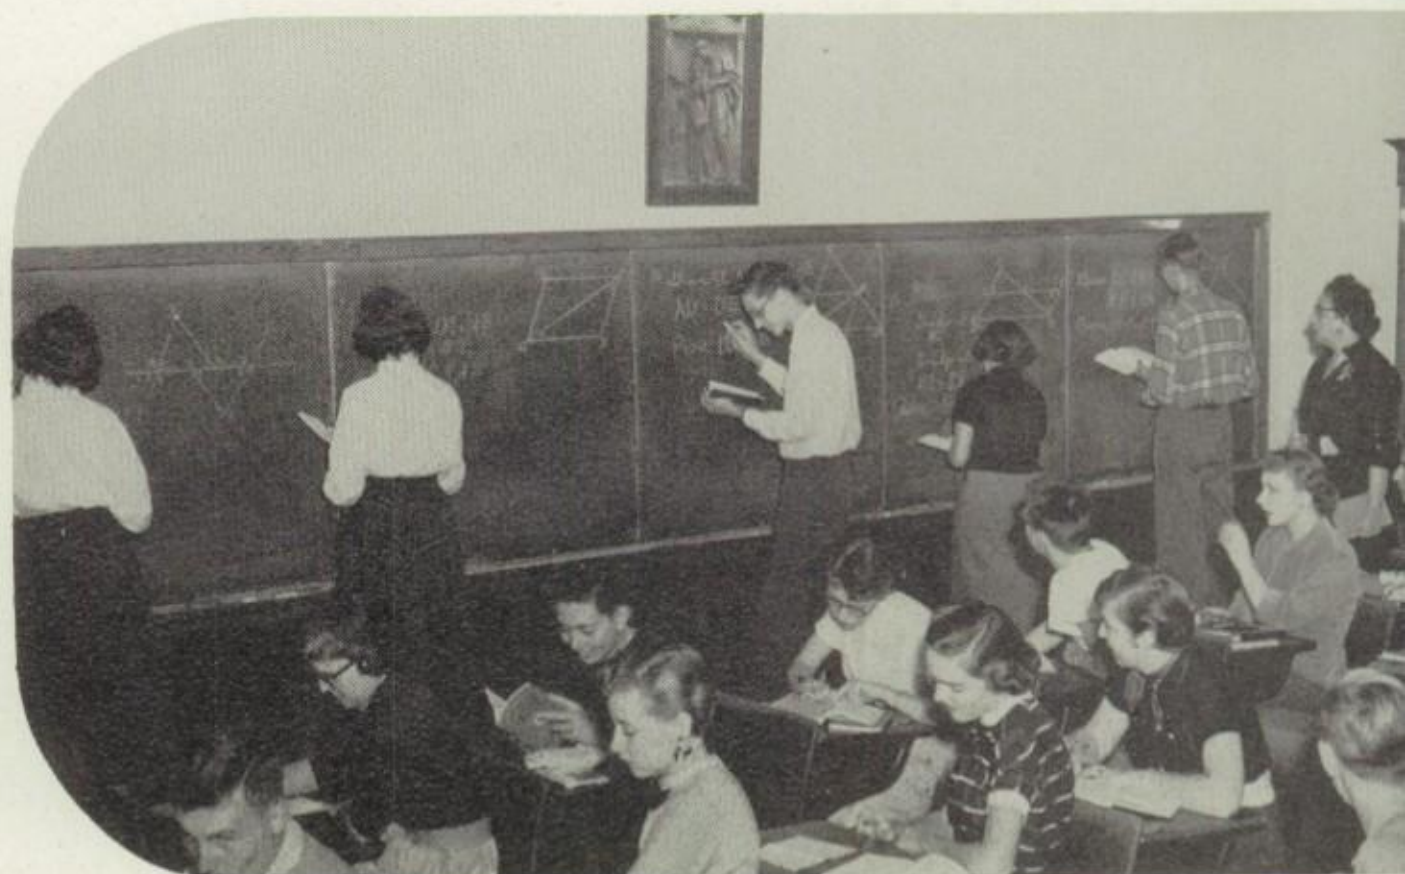

Biology students study skeletons.

MATHEMATICS

The aim of most math courses is to make practical application of problems to common life experiences. Other courses prepare students for college or for their chosen profession. Students are taught to solve practical and abstract problems with exactness.

There are 81 algebra students, 54 geometry students, and 16 taking trigonometry. A class in general math is taught by Mr. Zimmerman.

LIBRARY

The Class of 1953 presented the library with two sets of reference books as a class memorial. Collier's Encyclopedia is a twenty volume set valued highly by school and public libraries for educational reference material. The Dictionary of American Biography records the lives of fourteen thousand American men and women whose careers helped to shape our nation's destiny.

Both of these sets of books will be used and enjoyed by the students who follow the Class of 1953.

PHYSICAL EDUCATION AND HEALTH

A physician and a dentist are employed by the school district to aid parents in safeguarding the health of all students. Periodical physical and dental examinations are given and the results sent to parents. Medical and dental records of each student are on file in the school office. A nurse is on call throughout the school day to take care of first aid cases and to assist in the health examinations.

MICHAEL J. MATZKO
Physician

EDMUND NIKLEWSKI
Dentist

HARRIET AUKER
Nurse

The department of physical education aims to establish sound health habits thus helping the student become more efficient physically and mentally. It also seeks to supply the student with fundamental skills in recreational activities that will not only be satisfying during high school years but that may be enjoyed in after high school leisure time as well.

A minimum of two periods per week is required of all students. No student is excused from physical education except on the written statement of a qualified physician. Students with excuses from doctors take physical education theory.

A course of three periods per week in health is required of all students in their eleventh year. First aid is taught during the first semester and home nursing during the second semester.

Good health and physical fitness are indispensable requisites to the success of any individual. A sound mind and a healthy body are needed to produce a well balanced personality.

DRAWING

Drawing covers a broad field of endeavor including mechanical drawing, commercial art, restoration of antiques, and murals. Mediums used are pastels, tempura, charcoal, wax and oils. Whenever possible instruction is based on the needs of the community, welfare organizations, churches, and schools. Assignments of projects are made on the basis of individual abilities and interests. The demand for drawing is insatiable because of its functional and practical nature. Mechanical drawing trains specifically for positions in drafting and many students who have taken this course are now employed in local industries.

ART

The aims of art education are to develop judgement in the selection and arrangement of objects and materials used in everyday life according to the principles of art; to develop an appreciation of the beautiful in nature and in the works of man; invention and skill in construction and decoration; and self expression through illustration and representation.

Handicrafts enable students to make worthy use of their leisure time both in school and in later life.

The courses included in art education are: general art, costume design, interior decoration, and handicrafts.

VOCATIONAL INDUSTRIAL EDUCATION

Sheet metal shop

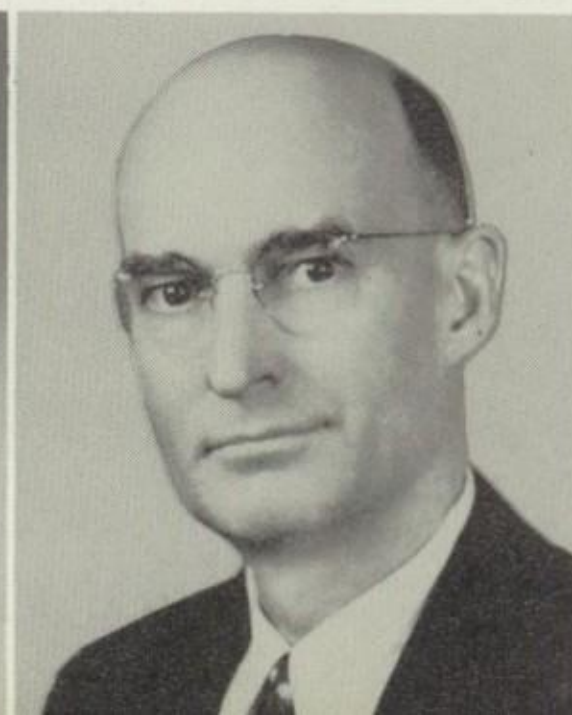

The vocational industrial course aims to fit students for successful employment in the skilled and semi-skilled trades. It also includes training in math, science, and drafting and where possible this is related to the trade.

Each shop is a well equipped laboratory in which correct skills, safe working practices, good working habits, and opportunities to plan work are provided.

Students in this course must also meet the English and history requirements of the senior high school. Fifty percent of the student's time is devoted to shop work.

SOCIAL SCIENCE

Social science includes the courses of history and problems of democracy required of all senior high school students. Sophomores receive instruction in Medieval and Modern History, juniors are required to take a course in American History, and seniors are all enrolled in a course of problems of democracy.

These subjects provide the training which is essential if the individual is to discharge properly the duties of citizenship.

Mr. Morgan teaches most of the American History classes. Mr. Colone teaches American History to the vocational industrial group. One section of M. & M. History is taught by Mr. Watts.

VOCATIONAL AGRICULTURE

The history of the vocational agriculture program in the United States has from the beginning been one of progress. The course has grown not only in membership, but has each year improved its program of helping farm boys to better prepare themselves for citizenship and life on the farm.

Much of the instruction in the course is given on the home farms of the boys enrolled. Each boy is required to work out a home project. Four of these are shown in the pictures on this page.

LANGUAGES

Through a study of foreign languages, students acquire an understanding of the ideas, habits, and customs of other people and an appreciation of their cultural activities and contributions to Western civilization.

The French and Spanish classes are taught by Miss Hidlay. Miss Moody teaches the Latin classes.

CLARISSA HIDLAY

The Sexteto de espanol sang several numbers at the annual play of the Spanish class in March, 1953. The numbers they sang were: Adios Muchachos, Cielito Lindo, and Alla en el Rancho Grande.

Seated: Louis Biacchi, Conrad Tuza, Fred Gabsewics.
Standing: Gerald Hittle, Carl DeFebo, Steve Vaughn.

CLASS SONG

Music by Ann Boyek

Words by Edwina Jacobs

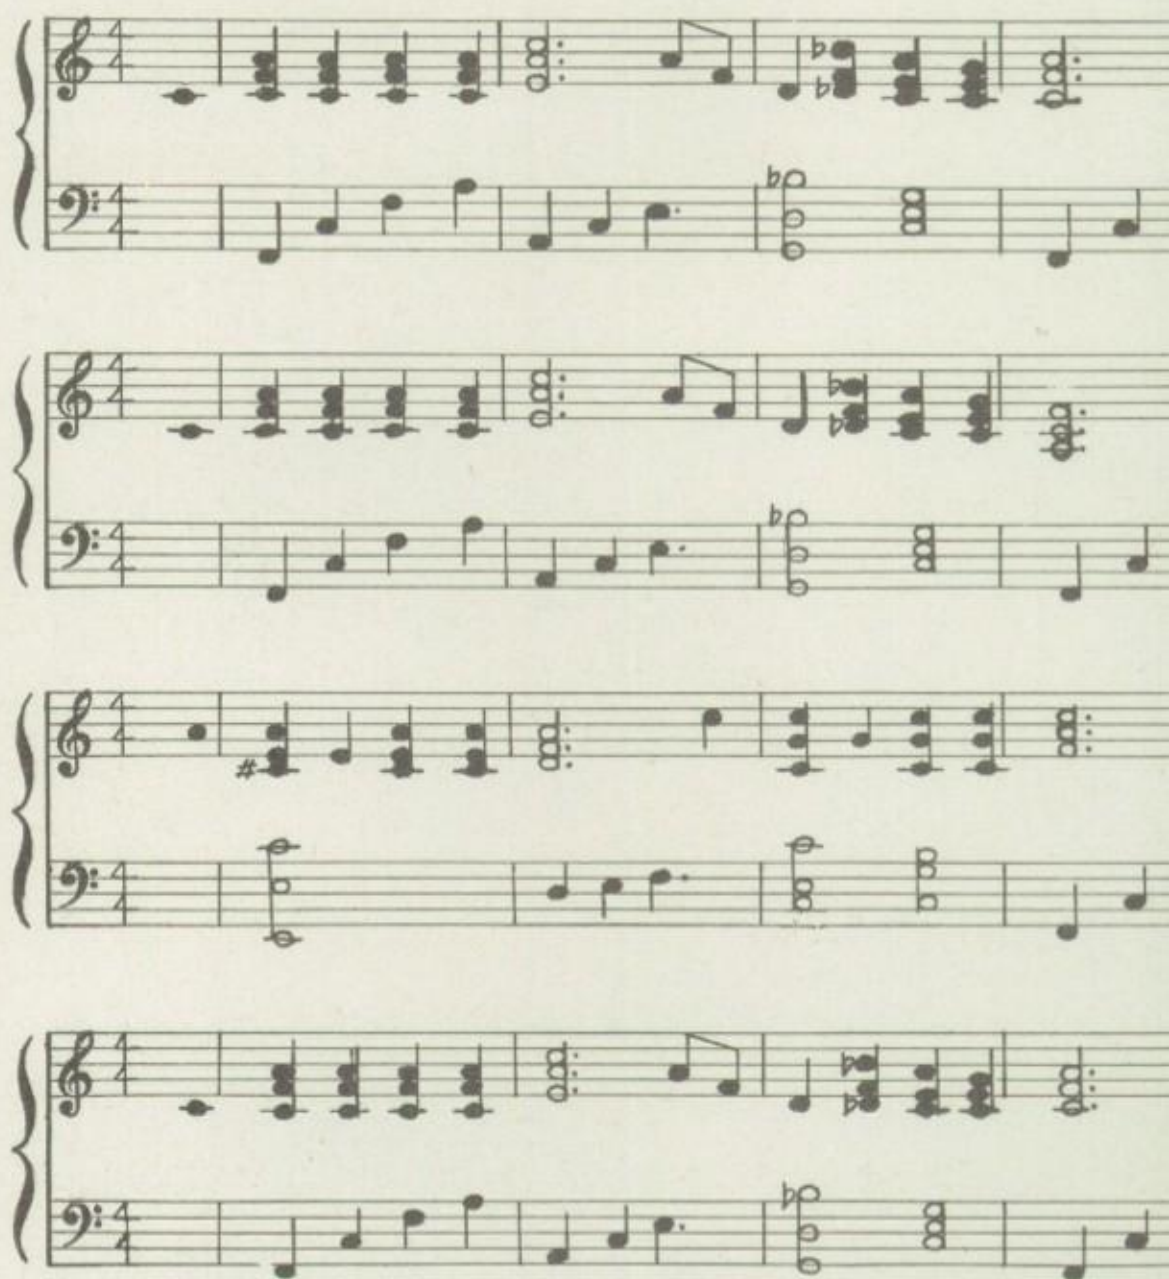

We're leaving now this school
But we wish that we could stay.
Not only for a year
But forever and a day.
The good times that we've had
Will live within each heart,
And we'll remember you
B.H.S., though we must part.

The Class of '54
Goes now to join the rest.
These last three years of school
We know have been the best.
At last we are prepared
To find our place in life,
And we will make you proud
Above this present strife.

CLASS POEM

By Catherine Cashman and Marilyn Muehlhof

As we the Class of '54
Depart upon our life's career,
Some will never see again
The memories we hold so dear.

Into life we are obliged to go
To face our troubles, great and small.
Though happily we seem to part
There are memories known to all.

We shall leave behind the school
Of which we are so fond,
The dear old ivy covered walls
To enter the great beyond.

You've given us our greatest gifts
Toward which education strives.
So now, with you, dear B.H.S.
We leave "THE BEST YEARS OF OUR LIVES."

BASKETBALL

The 1953-54 basketball season opened with a small nucleus of experienced players consisting of one senior and several underclassmen on the squad. The number of games won was not impressive, but the Bulldogs are looking forward to a more successful season in 1954-55 when the players will have the experience needed.

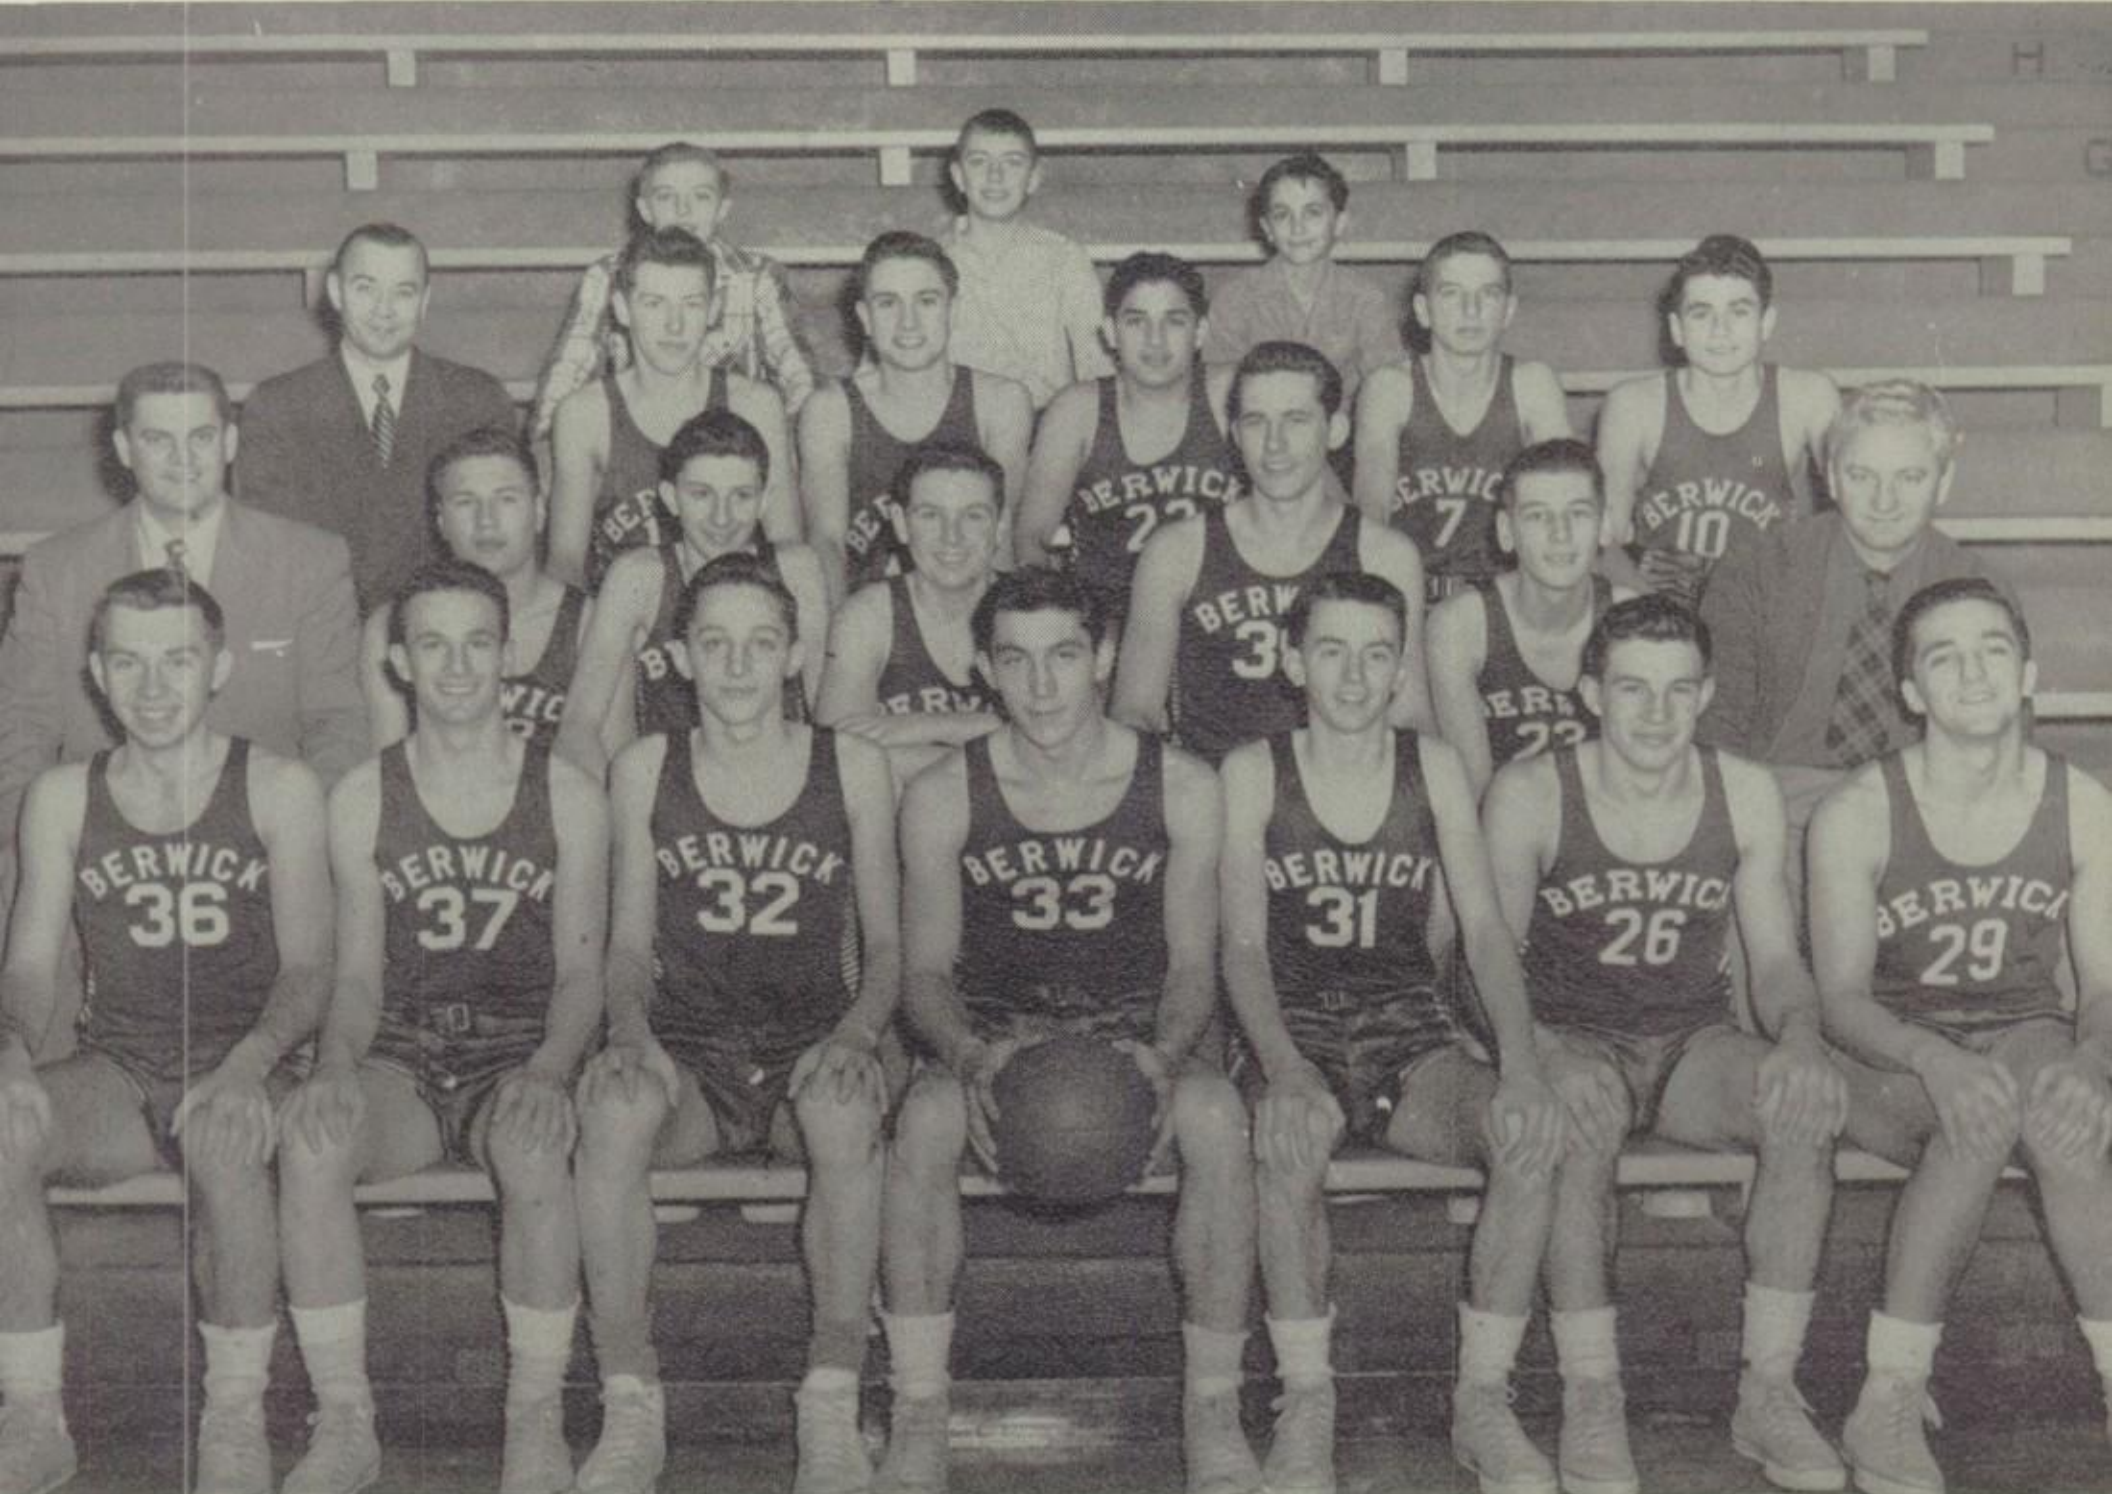

Some of the teams defeated this year were Swoyersville, Dunmore, Shamokin, West Hazleton, and Hazle Township.

Berwick is a member of the Keystone Basketball Conference consisting of Shamokin, Mount Carmel, Coal Township, Kulpmont, and Berwick.

BAND

The band is an important organization in both the school and the community. The group adds color to home and away football games and is well known for its interesting formations and drills.

The band takes part in numerous civic projects such as special sales sponsored by the Merchant's Bureau, the opening of the Christmas Boulevard, and all community parades.

A spring concert is presented annually. This concert is anticipated and attended each year by hundreds of the music lovers of Berwick and vicinity.

Thomas Hartman is the business manager for the band and other music groups. Joel Riegel is president and Harold Baughman is business manager of the group.

ACTIVITIES OF THE GIRLS' CHORUS

The Girls' Chorus meets every morning at eleven o'clock at the Market Street Building. It is under the direction of Mr. Russell R. Llewellyn.

The officers for the year 1953-54 are Helen Young, president; Carol Stitzer, vice president; Edwina Jacobs, secretary; and Nancy Algatt, treasurer. Soloists for the group are Sylvia Jerome, Shirley Hyde, Patricia Bredbenner, and Helen Young. Janet Sherman is the pianist.

The chorus has become a real asset to the community with its varied list of activities. Engagements of the group during the past year include a concert given at the Hotel Jermyn in Scranton for a Bankers' Convention. The chorus provided music for the Community Thanksgiving service held at the Methodist Church and for the Thanksgiving Football Game. At Christmas time a community carol sing was held in the Presbyterian Church to obtain funds for the poor. The group also provides entertainment for a number of special school assemblies.

Annually the girls present a spring concert of varied music. This is usually held during Music Week. Visits are made each year to a few neighboring high schools to give others an idea of what the chorus is doing and to receive ideas from them in turn. The 1952-53 term was given a final ring by a trip to a music festival in Philadelphia.

Mr. Thomas Hartman is faculty business manager for the chorus and other music groups.

ORGAN LESSONS

During the 1953-54 term seventeen students received organ lessons from the instructor, Mrs. Erma B. Splain.

Each student may use the organ for practice one hour each week. Several students have permission to practice on church organs in addition to the time spent in school.

Students taking lessons are Dorothy Michael, Doris Houck, Ruth Carrathers, Linda Hess, Neil Smith, Wava Fedder, James Topper, Robert Golomb, Jeanette Cooley, Ann Boyek, Alberta Michalek, Edwina Jacobs, Marcia Sweppenheiser, Connie Bredbenner, Ralph Dendler, Bernetta Sitler, and Orterio Villa.

Mrs. Splain instructs Dorothy Michael.

BLUE AND WHITE STAFFS

The Blue and White staff publishes six issues of the school paper each year. The paper contains articles of school news and events all of which are written by students. The advisor is Mrs. Marjorie Tearpock.

Students that have twenty-five inches of material published in the paper are awarded pins at commencement time. Seniors receive gold pins, juniors receive silver pins, and sophomores receive bronze pins. Members of the staff who do outstanding work receive Quill and Scroll awards from the International Honorary Society for High School Journalists.

The Blue and White editor writes a weekly column of school news for the Berwick Enterprise.

The yearbook committee consists of the senior members of the Blue and White staff plus the senior class officers. This committee makes important decisions concerning the yearbook, the cover, contents, arrangements, and theme.

One page of the school paper is devoted to junior high news. Staff members who write this news are from the ninth grade. In addition to the staff members shown on these pages about thirty sophomores are enrolled as staff members.

FUTURE FARMERS OF AMERICA

The Future Farmers of America is the national organization of, by, and for farm boys studying vocational agriculture in public high schools. It is an educational, non-political, non-profit, farm youth group of voluntary membership, designed to develop leadership, character, thrift, scholarship, cooperation, citizenship, and patriotism. Its members learn by experience how to conduct and take part in public meetings, to speak in public, and to assume civic responsibility.

The year 1953 marked the Silver Anniversary of the organization. It has grown from a membership of 30,000 in 1929 to 363,000 in 1953. The anniversary was celebrated at the National Convention held in Kansas City, Missouri, from October 12 to 15, 1953. The U. S. Post Office Department issued a special three cent stamp commemorating the anniversary.

FUTURE HOMEMAKERS OF AMERICA

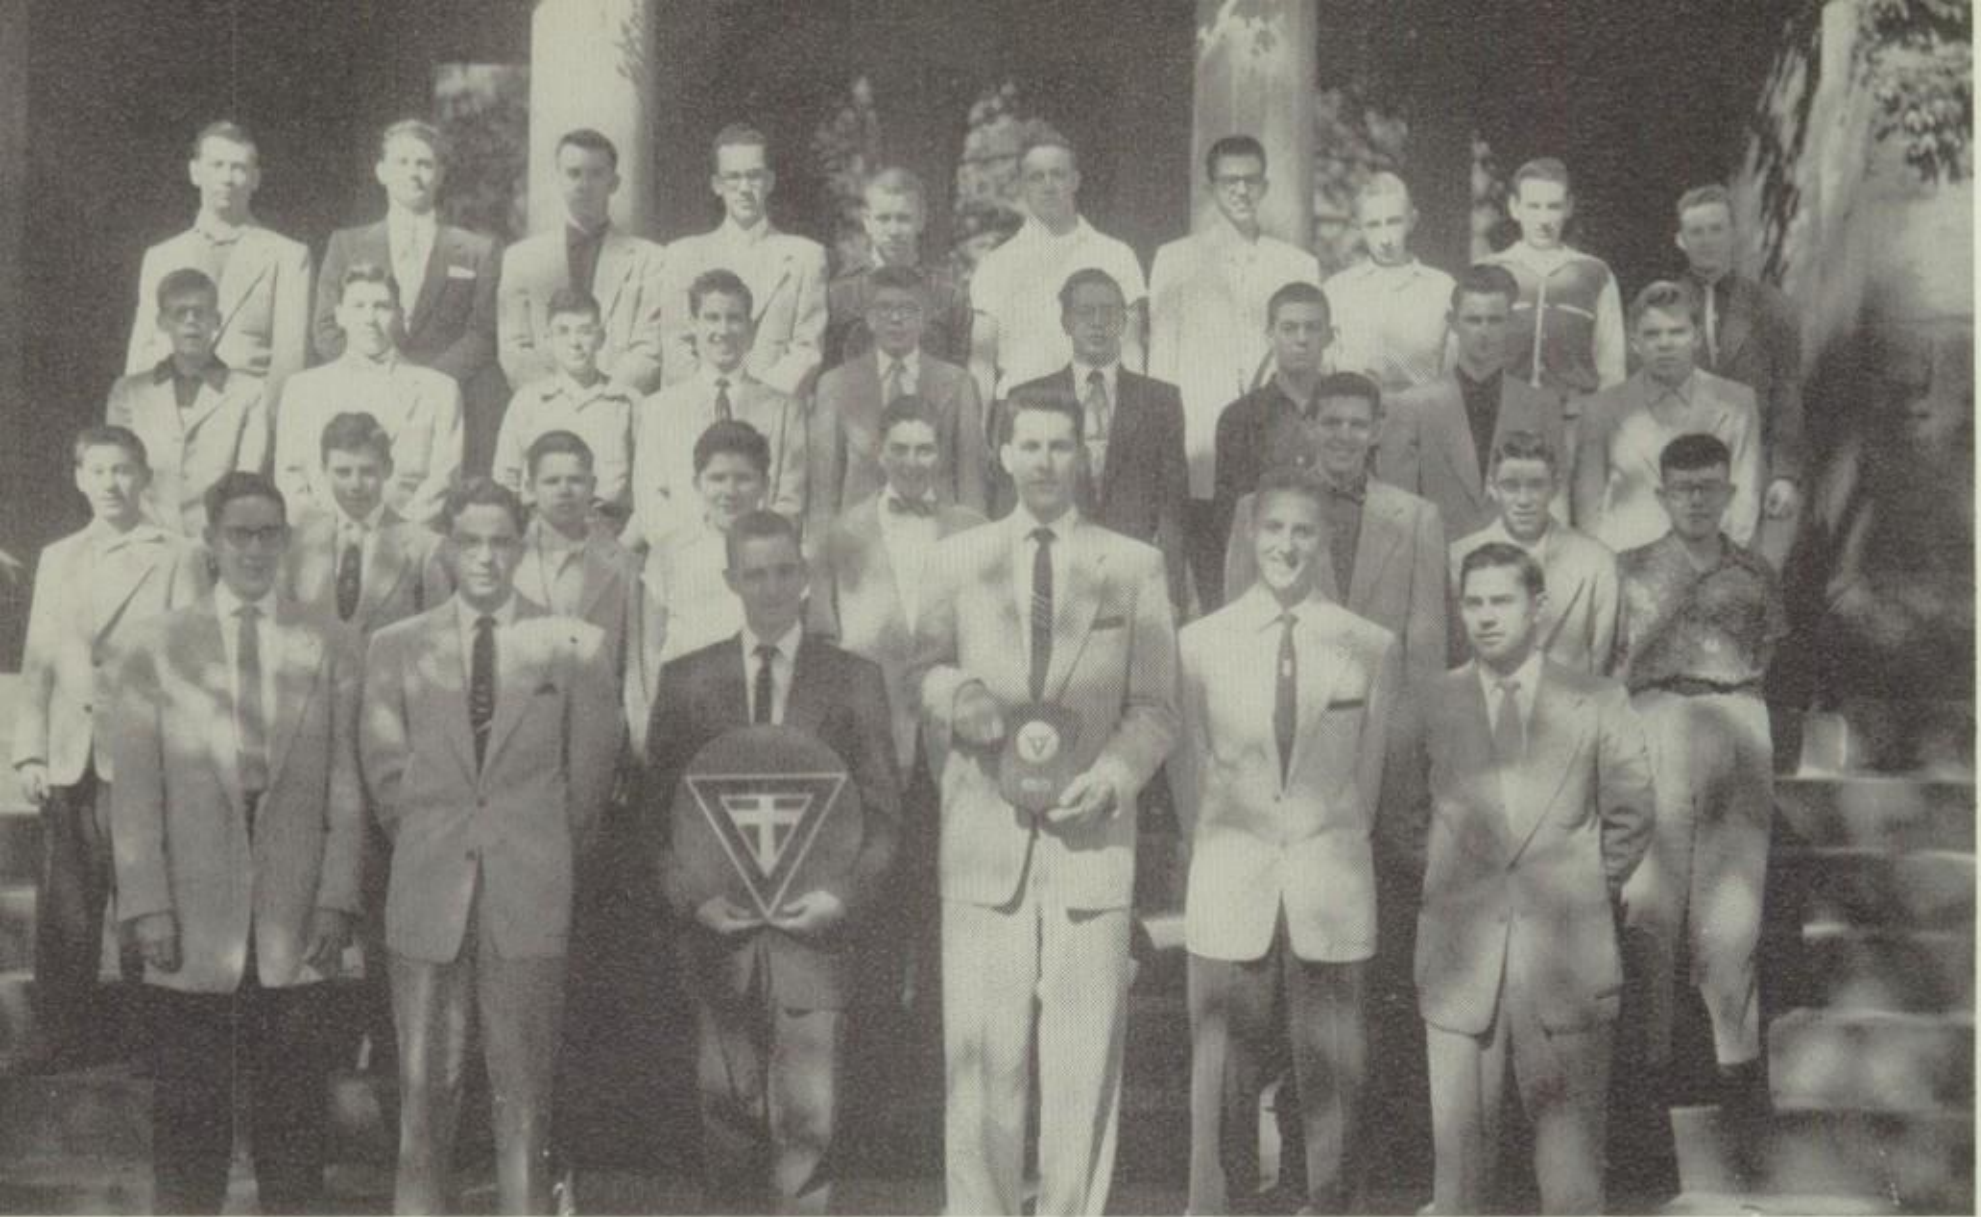

The chief aims of the Future Homemakers of America are to promote an appreciation of the joys of homemaking, to work for good home and family life for all, and to provide wholesome individual and group recreation.

This year the group has sponsored several candy apple sales to earn money to buy F.H.A. jackets for the senior members. They took a special interest in the Junior Red Cross boxes and filled two within the club. The state F.H.A. cook book received recipes from members of the Berwick club. The chapter also contributed to the state F.H.A. scholarship fund. The group enjoys many social activities such as parties, dances, and hay rides.

The officers are: Rose Hampton, president; Dawn Chepey, vice president; Jacqueline Kreischer, secretary; and Joan Hunter, treasurer. Lillian Silveti is the recreational leader. Miss Lucille Cretella and Miss Florence Shaffer are the club advisors.

Lillian Silveti models an F.H.A. jacket for Jackie Kreischer.

HI-Y

The purpose of the Hi-Y Club is to create, maintain, and extend throughout the community high standards of Christian character. The group meets every Thursday at 7:30 P.M. at the Y.M.C.A. The advisor is Mr. Gene Search.

One of the most worthwhile things that the club does during each year is to sponsor the Hi-Y Variety Show in order to raise money for Y.M.C.A. World Service. Other activities of the group include a Christmas tree-trimming party with the Tri-Hi-Y, sponsoring four victory dances following home football games, an educational and recrea-

tional trip to Atlantic City, the organization of a Phalanx Chapter of the Y.M.C.A., and attendance at the Northeast District Older Boys' Conference held in Pittston.

Last year the club contributed about \$220 to worthy organizations such as the Red Cross, Y.M.C.A. World Service, Berwick Y.M.C.A., the Community Chest, and to the Berwick Senior High School Library.

TRI-HI-Y

The Tri-Hi-Y meets in the girls' department of the Y.M.C.A. the second and fourth Monday of each month. Its platform is self improvement, Christian fellowship, and united service.

A few of the club's activities for the 1953-54 term were attendance at the training camp at Lake Ariel, bake sales, a Halloween party, preparing a Thanksgiving basket for a needy family, a children's Christmas party, the Snowball dance, a faculty tea, a mother and daughter banquet, and solicitation for the March of Dimes campaign.

Club officers are Ann Boyek, president; Elaine DiAugustine, vice president; Margaret Slanski, secretary; and Conni Hess, treasurer. The advisor for the group is Mrs. Rice Williams.

DRAMATIC CLUB

The purpose of the Dramatic Club is to present to the public a high type of dramatic art, to train students in voice, stage presence, poise, interpretation, expression, and acting. The building of stage sets, proper use of make-up, and the correct use of properties also provide valuable experience for those taking part.

The officers are Carolyn Diller, president; Marc Hartman, vice president; Connie Hess, secretary; Britt Adams, assistant secretary; William Eyerly, business manager; Craig Llewellyn, assistant business manager. Miss Mildred F. Moody is the director and Mr. Carl M. Davis is the faculty stage manager.

The Dramatic Club production, "Andy Hardy," a three-act comedy, was pre-
sented in the senior high school auditorium November 20, 1953. The audience
experienced chills and thrills as the story unfolded portraying a beloved American
family and their dealings with life.

For several years two plays have been produced annually by the Dramatic Club.
"Growing Pains" with a cast of twenty-eight was given February 25, 1954. In
addition the group was in charge of the Christmas program and each year the
cast of the senior drama is selected from the club membership.

CAST OF "ANDY HARDY"

SEATED: Elaine Silvers as Sally Wade, Paul Riegel as Grampa Hardy, Carol Lukas as Marion Hardy, Larry

Miss Mildred F. Moody, coach.

RADIO CLUB

The aim of the Radio Club workshop is to develop acceptable radio speech background techniques so that each individual member will be able to meet satisfactorily the business and professional microphone necessities in his life's work. The director of the group is Miss A. M. Margaret H. Richards.

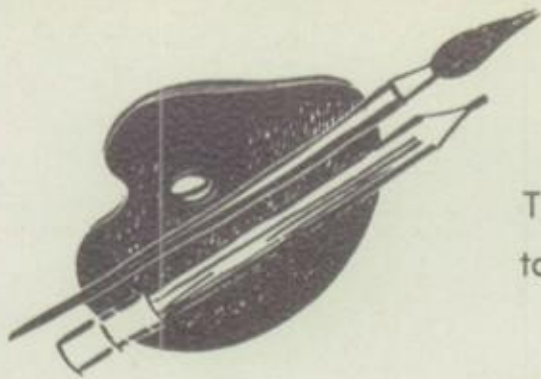

Officers for the 1953-54 term are Ann Boyek, president; Carol Lukas, vice president; Craig Llewellyn, secretary; Patricia Grey, treasurer.

Committee chairmen include Nancy Timbrell, script chairman; Patricia Grey, announcing chairman; Britt Adams, instrumental music; Helen Young, vocal music; Elmer McKechnie, sound chairman; Elaine Zaleski, voice stand-in; David LaTorre and Leo DeFelice, engineers; Carole Hampel, program chairman.

Meetings were held throughout the year in the senior high school building every Tuesday and Wednesday evening from six to nine o'clock. The total membership of the club this year was eighty-eight members, twenty-six seniors, thirty-nine juniors, and twenty-three sophomores.

ART CRAFTERS

The work of the Art Crafters is based primarily on the needs of the community. The aim of the club is to give art a more prominent place in the community and to increase its recreational aspects.

The 1953-54 officers are Dale Adams, president; Karl Stimeling, vice president; Mary Eshleman, secretary; and Conrad Heaps, treasurer. Mr. Russell C. Zimmerman is the advisor.

The following are some of the 1953-54 projects of the group:

STUDENT COUNCIL

FIRST ROW, LEFT: Mr. Lewis Long, advisor; Carol Lukas, Sylvia Jerome, Gail Harter, Barbara DiJohn, Shirley Wise. SECOND ROW: Shirley Fox, Mary Ellen Kack, Martin Houck, James Topper, Miss Edna Harter, advisor; Barbara Garrison, Philip Canonico. THIRD ROW: Anita Magrone, Barbara Branson, Muriel Long, Donna Arndt, Frances Seaman, Larry Campbell, Jack Smith. FOURTH ROW: Theresa Slanski, Helen Young, Joan Samsel.

Student Council officers for 1953-54 are Carol Lukas, president; Barbara Garrison, vice president; Helen Young, secretary; and Sylvia Jerome, treasurer. Miss Edna Harter and Mr. F. Lewis Long are the advisors.

In the year 326 B.C. Plato established in his academy an organization by which teachers and students governed the school. This was the beginning of the student council. As years went by the council developed until today it is considered to be one of the most important extracurricular activities. Its main function is to give students practical use in the principles of democratic government.

The Berwick Council has twenty members, one from each homeroom and two representing the non-resident students. The Council meets the first and third Thursday of each month at the close of the school day in Room 111.

Activities for the year included taking charge of the traditional pep rally for the Berwick-Bloomsburg football game that was held near the football field. The Council provided a huge bonfire to add to the fun. Members have taken an active part in assembly programs such as the Christmas program, the Career Day Program, and many more. A committee from the group selects the paid assemblies that are presented to the student body each year.

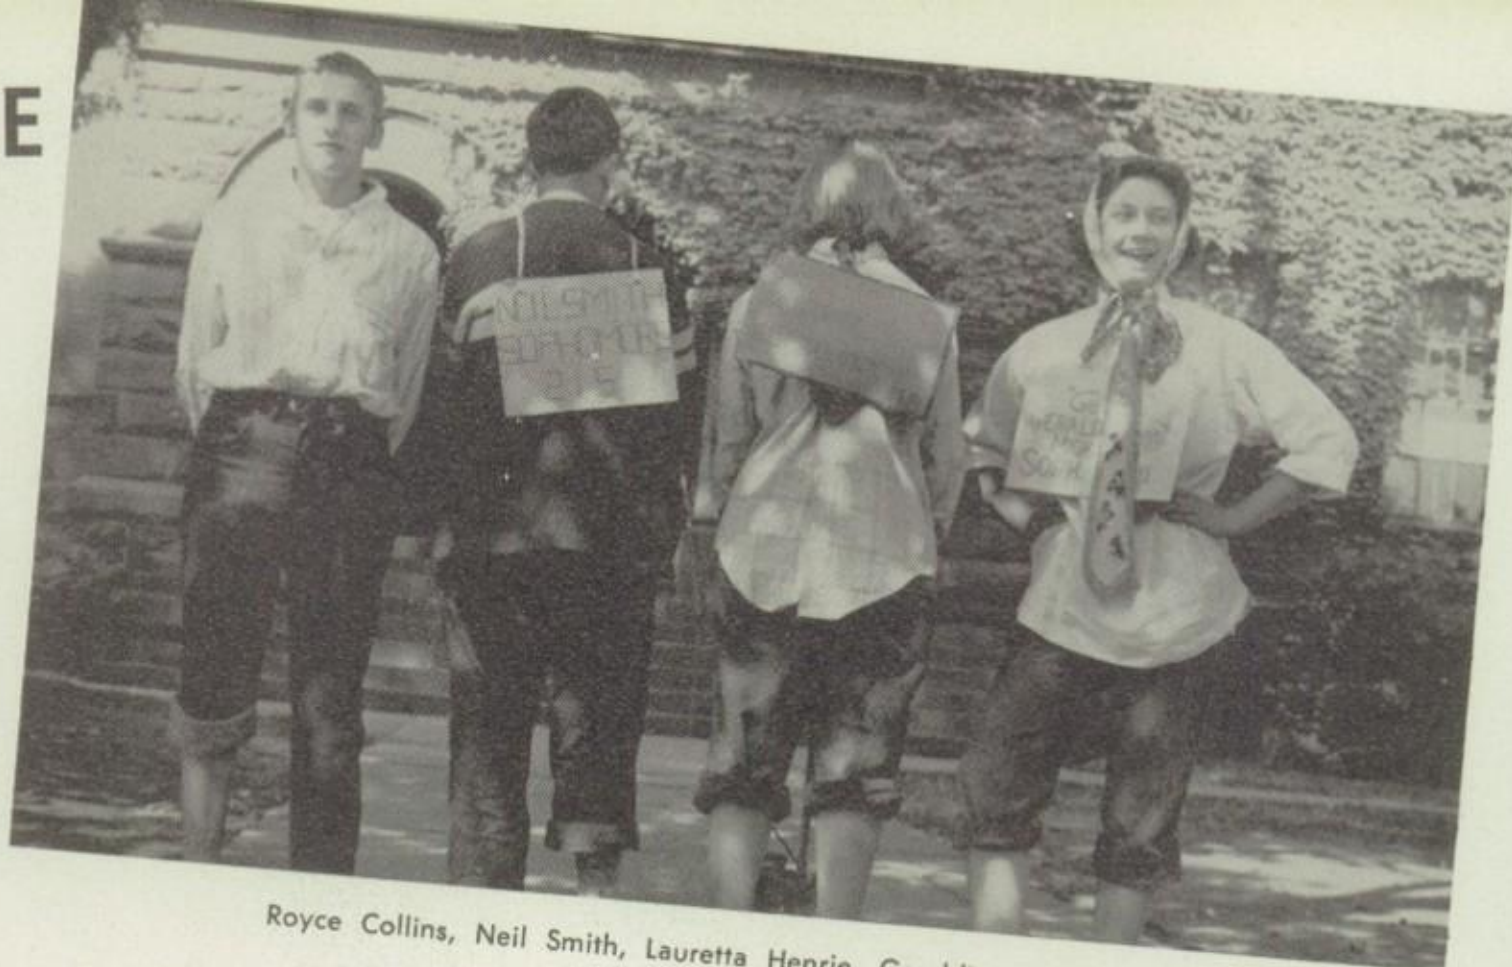

Sophomore customs are planned and governed by the Council. Good sportsmanship and individual cooperation are emphasized. The assembly following customs is always in charge of the Council.

SCHOOL LIFE

And we had fun during three of "THE BEST
YEARS OF OUR LIVES."

SOPHOMORE CUSTOMS

Royce Collins, Neil Smith, Laurretta Henrie, Geraldine Michael.

Sophomore customs or initiation is the process by which all sophs are made official members of Berwick Senior High. Good sportsmanship is the theme as the fun-loving seniors and the revenge-seeking juniors put the sophs through the prescribed rules and regulations.

The rules of dress vary from year to year but usually the girls are virtually turned into boys and vice versa. Each soph is required to wear a sign giving his full name and homeroom number. To add to the fun buckets are carried for the purpose of transporting the books of the upperclassmen.

On this "day of horrors" each soph must obey all commands of upperclassmen. This may include running errands, furnishing toothpicks for all, proposing to your best friend's best girl, or anything else that may enter the head of the junior or senior making the demands.

JUNIOR-SENIOR PROM

"Blue Gardenia" was the theme of the beautiful Junior-Senior Prom that was held May 15, 1953, in the ballroom of the Eagles Home on Market Street. About 250 people attended. Dancing was from nine to twelve to the music of Jack Melton's orchestra.

A decorated archway led to the ballroom. Seniors and guests were welcomed by the reception committee: Carl DeFebo, Nancy Algatt, Hollie Klinetob, Steve Vaughn, Patty Playfair, Gerald Hittle, Miss Richards, and Mr. Taylor.

Each faculty member and invited guest received a blue gardenia corsage or boutonniere. A gardenia bouquet graced the center of the refreshment table. The Prom is the high-light of the social season and the 1953 Prom will long be remembered as one of the finest ever held.

CAFETERIA

Cafeteria service for students and teachers of the senior high school began in January 1953. Hot lunches are served on trays which are taken to regular assigned classrooms where the lunches are eaten. An average of about one hundred meals are served each school day. The meals cost twenty-five cents for students and thirty-five cents for teachers.

Mrs. Amy Shetler and Mrs. Zelma Canouse are in charge of meal serving. Mr. Carl M. Davis and Mr. Paul Klinger are the cafeteria business managers for the Berwick School District.

Students enjoy a social hour while eating in the classrooms.

BETWEEN BELLS

The time between bells, that is from 8:10 to 8:20 o'clock in the morning and from 1:00 to 1:09 o'clock in the afternoon, is used for storing wraps in lockers and cloak rooms, assembling textbooks and papers for classes, running errands, visiting the library, and for social activities of various types. These periods are often looked forward to as the most enjoyable times of the school day and seldom seem long enough.

Mr. Daniel Thomas sweeps the study hall.

MAINTENANCE

These four people take care of school property and keep everyone comfortable. They have numerous duties such as keeping the building warm and clean, distributing supplies, and making all kinds of necessary repairs. They are always willing to aid students and teachers who need their help. It is through their efforts that Berwick High is a pleasant place in which to work.
